14 October 1958

MEMORANDUM FOR: C/TSS/WAD

THROUGH : AC/TSS/R&D

SUBJECT : Request for [] Aircraft for []
Destructer Program

25X1

25X1

1. The testing of the components for the [] Destructer Program is nearing completion and in the near future a mock-up of the integrated system will be available. To simulate the actual installation as nearly as possible for testing and evaluation purposes, it would be desirable to obtain [] and have it moved to []. A serviceable plane is not required as it will be expended in test. The fuselage, however, should be in reasonable condition as all of the target equipment is located there.

25X1

25X1

2. Your division has been consulted on this matter and it was felt that a [] could be found in this area. It is therefore requested that TSS/WAD take the necessary action to obtain an airplane for this program.

25X1

3. Further information or assistance in this matter may be obtained by contacting []
